

Pre-Kote System

Cementitious Pre-coating System

PRODUCT INFORMATION

DESCRIPTION

PRE-KOTE™ SYSTEM is a cementitious coating system for swimming pool re-plastering and pebble finishes. PRE-KOTE™ SYSTEM is a high quality, factory prepared, cementitious pre-coating system that forms a hard, rough textured base coat that is tightly bonded to the interior walls and floors of concrete swimming pools and spas. PRE-KOTE™ is available as a two-component system or as an all-in-one “JUST ADD WATER” mix. The two-component system is composed of a specially formulated PRE-KOTE™ LIQUID resin and a blend of dry powder cement ingredients. The PRE-KOTE™ INSTANT has the resin already mixed in the bag of dry cement ingredients. The PRE-KOTE™ actually becomes an integral part of the concrete pool or spa construction increasing the surface adhesion and strength of the marcite and pebble finishes.

ADVANTAGES

- “Pop-offs” virtually eliminated
- No expensive heavy sandblasting
- Reduces labor cost
- Increase profit
- Unmatched warranty
- Eliminates long repair down time
- Eliminates removing existing plaster
- Becomes an integral component of concrete pool and spa construction
- Increases surface adhesion
- Increases strength of marcite and pebble finishes

LIMITATIONS

Substrates must be clean, sound, and properly prepared. Ambient temperature while applying and curing the PRE-KOTE™ SYSTEM needs to be within the range of 50 to 90°F (10.0° to 32. 2°C). DO NOT APPLY when the pool shell temperature is below the dew point and the relative humidity is above 90%. Never apply PRE-KOTE™ SYSTEM where mineral salts (efflorescence) are present. The salts break down the bond properties of cement products. PRE-KOTE™ is a proven system as packaged. It is not for use in conjunction with other dry cement mixes or with other concrete bonding agents.

LIMITED WARRANTY NOTICE

Contract Packaging Inc. products are designed to be used in the

construction industry and should be applied by competent persons in accordance with current published instructions. We cannot be held responsible for difficulty caused by other materials and conditions, or by inferior workmanship. Seller reserves the right to have the true cause of any difficulty determined by accepted test methods by an independent party. Any claim regarding product defect must be received in writing (1) year from day of shipment. No claim will be considered without such written notice or after the specified time interval.

DISCLAIMER OF WARRANTIES AND LIMITATIONS OF LIABILITY

Contract Packaging Inc. (Seller) warrants that if any goods supplied prove defective in workmanship or material that Seller shall replace them or refund their purchase price. This warranty is made in lieu of any and all other warranties, expressed or implied. Including the warranties of merchantability and/or fitness, which are hereby disclaimed. It is understood and agreed that buyer’s sole remedy, and therefore Seller’s liability, whether in contract, tort, under any warranty, in negligence, or otherwise shall be limited to the return of the purchase price paid by purchaser or replacement of any defective goods sold by Seller and under no circumstances shall Seller be liable for special, indirect or consequential damages. The price stated for the goods is a consideration in limiting Seller’s liability. Any liability or risk resulting from the use of this product is assumed by the purchaser/user except where a specific warranty is provided by the manufacturer in writing. Before application, the purchaser/user shall determine the suitability of the product for his intended use and purchaser/user assumes all liabilities and risk, whatsoever in connection therewith. The terms of this warranty notice may not be orally modified. Applicator is required to use the complete Kover Krete™ Pre-Kote System for warranty. Any substitutions will void warranty.
