

# Re-Krete™

## Concrete Resurfacer

### PRODUCT INFORMATION

#### DESCRIPTION

RE-KRETE™ is a special blend of Portland Cement, sand, polymer modifiers and other additives designed to provide a shrinkage compensated repair material making thin repairs to sound concrete which is in need of surface renewal. RE-KRETE™ will provide a durable wear resistant surface designed to withstand heavy foot traffic and vehicle traffic. RE-KRETE™ provides an economical alternative to removing and replacing existing old, spalled concrete.

#### WHERE TO USE Re-Krete™

Use RE-KRETE™ for applications such as driveways, walkways, sidewalks and patio. RE-KRETE™ can be trowel applied for smaller applications or applied with a masonry brush for curbs or steps or squeegee.

#### ADVERSE TEMPERATURE CONDITIONS

**COLD WEATHER:** Do not apply at temperatures below 50° F (10°C). In cool weather use warm water to speed setting time.

**HOT WEATHER:** In hot weather work in shaded areas or in the cool parts of the day, and use cold water to slow down the setting time.

**THICK APPLICATIONS:** For thicker applications use additional thin layers of RE-KRETE™ or use a trowel applied layer after the initial squeegee application. Use form boards and leveling screed to establish the final height. For trowel applied mixes reduce the water content to about 5.5 pts. (2.6L) per bag.

#### METHOD OF APPLICATION

Read the KOVERKRETE™ RE-KRETE™ Application Guide for use of this product.

#### LIMITED WARRANTY NOTICE

Contract Packaging, Inc. products are designed to be used in the construction industry and should be applied by competent persons in accordance with current published instructions. We cannot be held responsible for difficulty caused by other materials and conditions, or by inferior workmanship. Seller reserves the right to have the true cause of any difficulty determined by accepted test methods by an independent party. Any claim regarding product defect must be received in writing (1) year from day of shipment. No claim will be considered without such written notice or after the specified time interval.

#### DISCLAIMER OF WARRANTIES AND LIMITATIONS OF LIABILITY

Contract Packaging Inc. (Seller) warrants that if any goods supplied prove defective in workmanship or material that Seller shall replace them or refund their purchase price. This warranty is made in lieu of any and all other warranties, expressed or implied. Including the warranties of merchantability and/or fitness, which are hereby disclaimed. It is understood and agreed that buyer's sole remedy, and therefore Seller's liability, whether in contract, tort, under any warranty, in negligence, or otherwise shall be limited to the return of the purchase price paid by purchaser or replacement of any defective goods sold by Seller and under no circumstances shall Seller be liable for special, indirect or consequential damages. The price stated for the goods is a consideration in limiting Seller's liability. Any liability or risk resulting from the use of this product is assumed by the purchaser/user except where a specific warranty is provided by the manufacturer in writing. Before application, the purchaser/user shall determine the suitability of the product for his intended use and purchaser/user assumes all liabilities and risk, whatsoever in connection therewith. The terms of this warranty notice may not be orally modified. Applicator is required to use the complete Kover Krete™ Re-Krete™ System for warranty. Any substitutions will void warranty.

#### Coverage for Squeegee Applications

Approximate number of bags required - 50 lb bags

Area (Sq.Ft)	90	180	360	720
Approx. 1/6" thickness	2	4	8	16

#### Coverage for Thicker Applications

Approximate number of bags needed at specified thickness - 50 lb bags

Area (Sq.Ft)	40	80	160	320
1/8" average thickness	1	2	4	8
1/4" average thickness	2	4	8	16
1/2" average thickness	3	6	16	32
